

FEEDBACK PHRASEBOOK: GET IT FIXED IN ONE ROUND

Formula: **WHERE** (timestamp) + **WHAT** (element) + **HOW** (direction).

■ INSTEAD OF... SAY...

✗ VAGUE	✓ PRECISE
make it better	the hook needs more energy: faster cut at 0:01 and an impact sound
the text is off	at 0:04 the title overlaps my face, so move it up 10%
timing feels weird	at 0:06.2 the chip lands a beat late, so put it on the beat
more pop	bigger captions, highlight colour lime, add a pop sound on each word
it's boring	cut 0:08–0:12, it repeats the point; add a zoom at 0:15
colours are wrong	use only #0B0B0D and #D4FF3F, remove the blue
music is too much	music 4 dB quieter and duck it more under my voice
make it premium	slower moves, more empty space, serif titles, no bounces
the end is weak	hold the end card 1 s longer and add a sparkle on the CTA

■ USEFUL PHRASES

- "Show me stills at 0:02, 0:07 and 0:15 before re-rendering."
- "Change only X, keep everything else exactly the same."
- "Give me two options for the hook so I can choose."
- "Undo the last change." / "Go back to version 2 for the music."
- "Log these changes in revisions.md."
